

## **Na Yo** by Toto ST

I came into this world with nothing, I'll leave here with nothing too. I want to go deep without fear to walk this road beyond.

I know that vanity begins and ends here, and that the truth is that we're not really from here, one day we'll have to leave.

NA YO YAYA NA YO NGANA NA YO TATA NA YO  
NZANBI NA YO

I don't think it's worth the effort for worldly success. There's nothing there. I just want to live life, I want to be nothing but human, and be able to feel.

I know that vanity begins and ends here, and the truth is, we're not really from here. One day we'll have to leave.

NA YO YAYA NA YO NGANA NA YO TATA NA YO  
NZANBI NA YO

I don't want anything that isn't for the greater good, and this journey, it really must be just for love, only if it's for love.

NA YO YAYA NA YO NGANA NA YO TATA NA YO  
NZANBI NA YO
